

## Need For Feed Will Be Discussed Friday

### W. L. Smith to Take New Job as Oil Accountant

W. L. SMITH

W. L. (Bill) Smith, local agent for the West Texas Gas Company, is being transferred to the accounting office of the Amarillo Oil Co. He will assume his new duties about the middle of the month, or at such time as his successor arrives here to relieve him.

Mr. Smith has been local agent here for ten years, moving from Amarillo where he was in the office of the gas company for nearly 6 years.

His new position is a promotion in the company with which he has worked since coming from Dallas. Mrs. Smith is teaching in Happy and the family will continue to live in Canyon. They recently bought a residence and hope that it will be possible for them to continue making Canyon their home.

### Garden Club Is Planning Active Year's Work

The Canyon Garden Club had its initial meeting of the year yesterday morning in the home of the new president, Mrs. J. A. Hill.

A round table discussion was held using questions and suggestions about the year's work. It was decided to mix beauty and utility in the gardens and to take a part in beautifying the Victory Garden which is to be planted by some organization on the ground surrounding the college sign. Such shrubs and flowers as the club can contribute from their own yards will be used.

People are wanting places upon which to plant gardens. Would it not be a patriotic service for those who have vacant lots to offer them free to those who will cultivate them? This would be not only a service, but it would beautify the town and add an air of thrift. The garden club is making the request that YOU do this.

It was voted to contribute \$5.00 to the Red Cross and to have a garden program in April, inviting the public to become members of this organization.

After the business hour a short social was held in which the members collaborated in writing "A Flower Romance." Tea and wafers were served to Mrs. Allan Farlow, Mrs. L. S. Baker, Mrs. J. L. Duflot, Mrs. J. J. Walker, Mrs. M. C. DeGraffenried, Mrs. Burgess, Mrs. D. T. Tarlton, Mrs. Levi Cole, Mrs. P. L. Walters, Mrs. J. W. Shook, Miss Jessie DeGraffenried and the hostess.

### Franklin Weir Has Chaplain Commission

Mrs. Franklin Weir received a telegram Tuesday that her husband had received his commission as Chaplain in the Army, with rating of Lieutenant. He has been in training at Harvard University, and is assigned at Ford Ord, Calif.

Before volunteering for service, he was pastor of the Methodist Church at Sundown. Lieut. Weir wired that if possible he would visit his wife and young son at the parental R. E. Foster home.

#### MARRIAGE LICENSES

George G. Trach and Miss Hilda Jean Stambaugh, Feb. 17.

Anthony J. Kaczmarek and Miss Lillian Walters, Mar. 1.

Albert Brown and Miss Waunita McCarter, Mar. 3.

Mrs. Carl Small is leaving today for Austin to make her home there.

Pvt. Carl Small is stationed at Camp Swift, near Austin.

### County-wide Meetings To Discuss Farm Program With County Agent Here Friday

Changes in the 1943 Farm Program will be discussed in a general committee meeting Friday of this week at the County Agent's office.

The committees from the seven communities in the county will meet and make final plans to execute the 1943 plan sheets for each farm. These plan sheets will be used for estimating the needs of each farm for new machinery and equipment and to get a total of such need for the county to be used by the Farm Machinery rationing committee.

The County War Board for Agriculture will use the farm plan sheets for estimating manpower needs for the county and for estimating probable food production for the year. The Farm Plan sheets will be used by the Triple A committee in setting up grain sorghum goals for each farm.

Randall county has been given a goal of 60,215 acres to be planted to this crop. It is expected that some incentive payments will be made for planting above 90% of the acreage goal to grain sorghums.

The wheat allotment rules have been amended so as to allow farmers to harvest volunteer wheat without penalty in all cases where a producer plants as much as 90% of his grain sorghum goal. The incentive payments for meeting production goals are designed to obtain greater production of vital feed grains despite the increased cost of production.

The changes in regard to harvesting volunteer wheat are being made in a further effort to relieve feed shortages. The tremendous increase in livestock and poultry without sufficient increase in feed crops is already a threat to our food supply for next winter. The Department of Agriculture hopes to divert a considerable part of the wheat surplus into livestock feed and to increase the 1943 production of other feed grain.

Farmers are being mailed instructions and sign-up schedules by communities this week. Each farm operator is urged to meet his committee at the County office on the day designated so that the work may be completed on time and without unnecessary cost.

### 13 Local Men Charter Members American Legion

Thirteen members of the Palo Duro Post have received certificates from the American Legion denoting that they have been members of the Legion for 25 years. The Legion is observing the 25th anniversary this year, and special certificates have been issued to all charter members.

Those who have received this certificate are: J. W. Kleinschmidt, T. H. Knighton, Ray Campbell, Guy Harp, Geo. A. Farlow, Hud Prichard, Andy Walsh, Dr. H. A. Brown, C. L. Thompson, Dan F. Sanders, O. E. Hensley, R. B. Davis and T. A. Black.

Most of these men are charter members of the Palo Duro Post, and practically all have served as Post Commanders during the past years.

### Cold Wave Drops Mercury to 2 Above Yesterday

Monday was March 1. The day started bright and sunny, and it looked like March would be ushered in like a lamb. In which case, according to tradition, it would go out like a lion.

But the picture changed before night. The wind whipped to the north, and the temperature fell rapidly.

The mercury stood at 5 degrees above zero Tuesday morning, and hovered around 20 throughout the day. The drop Tuesday night made the temperature register 2 degrees above zero yesterday morning.

With the wind from the southwest yesterday there was rapid moderation during the day.

### Tommy Chambers Is Called by WAVES

Miss Lillian (Tommye) Chambers received her call yesterday to begin training in the WAVES. Miss Chambers enlisted in this organization several weeks ago and has been waiting for the call.

She will report to Smith College, North Hampton, Maine, where she will start the officer training course on March 13. She will leave next Thursday morning.

Help Keep Canyon Clean!

### Ray Campbell Is Observing 29th Anniversary Here

RAY CAMPBELL

Ray Campbell, owner of the Buffalo Food Store, is celebrating his 29th anniversary in Canyon. He has engaged in the grocery business here since 1914. This record makes him the oldest man in the grocery business in Randall county.

Mr. Campbell is a veteran of World War I, and has been a member of the American Legion since it was founded. He has served as Post Commander of the Palo Duro Post. He was chairman of the committee which handled the 50th Anniversary Celebration of Randall county in 1939 when more than 15,000 visitors came to celebrate with the people of Canyon. He is a member of the Rotary Club and has been a director of the Chamber of Commerce.

"Many, many changes have taken place in the food situation since I started in business 29 years ago," stated Mr. Campbell. "Conditions do not warrant a sale of this magnitude at this time, but our customers look forward to the Buffalo's sale as an event to be expected, no matter what the conditions may be." Announcement of the sale is found on the back page of this issue.

A son, Jerry Wayne, was born to Mr. and Mrs. Lloyd W. Prichard, Feb. 14.

## Red Cross Roll Call Has Started

### War Bonds Are Under the Quota

Sale During the First Two Months Are Short According to Chairman

Randall county has received a total credit of \$261,822.00 for the sale of War Bonds during 1942. The quota for the county was \$236,000. The surplus of sales over the quota was \$25,822.

Frank Scofield, State Administrator, writes to R. H. Wright, county chairman: "The citizens of Randall county have responded wonderfully to the 1942 program and I know that during 1943 they will keep up the pace with the rest of the nation in doing more during this year."

The sales of War Bonds for February amounted to \$18,820, with a quota of \$20,300. The sales during January amounted to \$19,392.25, with the quota of \$23,500.

Sales for the two months are thus \$5,587.75 short of the quota. However, the sales include only those which were made in Canyon during the two months, and do not include sales which were made outside of Canyon to persons living in Randall county. There are a number of local people who buy regularly thru the Treasury Department, and whose purchases are not in the above total.

### No WAAC Taken Monday by Officer In Recruiting

Lieut. Rose Smothers and members of her recruiting party came to Canyon Monday afternoon. Several young women were interviewed, but none were accepted in the WAACs.

Randall county has a quota of five women for the WAACs before the end of March. While several young women from here have joined the organization while working in other towns, the county has not received credit for these recruits.

So far Randall county has a big zero in the number of recruits.

The local committee is very anxious for young women who are interested to see some member at once. Mrs. Lily Wofford is county chairman; Mrs. A. W. Sternberg, vice chairman; Mrs. Berl E. Mayfield, secretary of the local committee. Full information will be given by any woman of the committee for women who are interested in joining the organization.

#### LEAVING FOR CAMP

Roland Bert Hicks, Jr., will leave Friday morning for Fort Sill to begin his military training. He was accepted at Lubbock two weeks ago, but was given a longer furlough than usual because of the illness of his mother, who has been in the hospital for treatment.

### Evangelist

The spring revival will begin at the First Baptist Church of Canyon, Sunday, March 7th, with Dr. Geo. W. McCall of Dallas as preacher for the first week. Dr. McCall is a well known Bible student and preacher and is on the staff of evangelists of the Baptist General Convention of Texas. He will speak at 10 a. m. and 8 p. m. daily.

Music will be directed by Tommy Godfrey of Houston, one of the best evangelistic singers of Texas. He is an author of a book of poems, composer of songs, and soloist and director extraordinary. Nobody can hear him without being pleased.

The revival will last for eleven days, but Dr. McCall will preach for the first week only. The last four days Rev. J. W. Marshall of Dallas, Baptist Student Secretary of Texas, will be the preacher.

Symbolic of the role the Red Cross is again playing, the 1943 Red Cross War Fund poster depicts the organization as a mother ministering to the needs of the men of the United States armed forces and the victims of war throughout the world. The poster is an appeal to all men and women for contributions to the War Fund. Lawrence Wilbur, noted illustrator, designed the poster. Helen Mueller is the model.

## Rationing on Food Is Started--Need For Victory Garden Is Essential

### Sign Up For Ration Book 2 Is Completed in Schools Over Randall County

A check from the county had not been completed yesterday to determine the number of Ration Book No. 2 which had been issued.

The schools of the county were busy Thursday, Friday and Saturday where the new books were issued.

No difficulties were encountered, stated T. S. Stevenson, clerk of the local board. Most of the people who did the registering were well acquainted with the regulations, and books were issued quickly.

Several households reported considerable quantities of canned foods on hand, but the average of the county was low.

Rationing started Monday, but the call for rationed foods has been light this week. Housewives seem determined to hold on to their ration coupons as long as possible. Buying of non-rationed foods has been the big business of most of the grocery stores.

Practically all citizens are planning on Victory Gardens this year. Some citizens had already done some planting, but zero weather Tuesday and Wednesday put a stop to the ambitions of the early gardeners.

Cheap irrigation rates are offered by the city for those who use city water, and when it is assured that the weather will moderate, great activities are expected in gardening business.

A well known citizen stated yesterday that from all information he could secure the threat for a real food shortage is much more critical than people generally believe. It is quite evident that with rationing, and the shortage of transportation there will be great need for home gardens this year.

### Community Chest Will Be Opened Saturday p. m.

The Community Chest will be open Saturday afternoon starting at 4 o'clock, stated Mrs. P. L. Walters.

The Chest headquarters is on the second story of former feed store at the southeast corner of the square.

Mrs. Walters states that she has a number of garments to give to those who are in need of them.

#### M. L. SHERO DISCHARGED

Marvin L. Shero has been discharged from the army, and has gone back to his construction work. He was at the Tinker Army Air Field. He was discharged because he was over 38 years of age.

## All Citizens Are Asked to Donate

Local Work of Red Cross Is Assisting Many Men Now in Armed Services

Randall County Chapter of the Red Cross, through its Home Service Committee has handled more than one hundred cases during the last three months. C. H. Jarrett is chairman of the Home Service Committee, and working with him are Postmaster Guy Harp, Mrs. Levi Cole, and Levi Cole who is treasurer of the Chapter. The cases deal with such things as furloughs and extensions of furloughs, discharge for persons needed in connection with the farm program, care of soldiers' families in case of need, and all sorts of problems connected with sickness and death of soldiers or in soldiers' families. All expenses for this service are borne by the local Chapter of the Red Cross. However, no member of the committee receives any remuneration of any kind.

Frequently the work which the committee is asked to do calls for car trips ranging anywhere from two to 50 miles in length. The Home Service Committee receives many telegrams from boys in service, from their Red Cross Field Worker, and from Army officers. All telegraphic requests are taken care of immediately. If one member of Randall County's Chapter Home Service Committee is out of town, another member takes care of telegrams.

The Red Cross War Fund Drive which is now under way provides the money for the local chapter's activities as well as for the field services of the Red Cross. During the month of March all citizens of Randall County are asked to make their donations to the workers in their respective communities. The War Fund for 1943 is double that of 1942 so donors are requested to double their contributions. New citizens of the County are especially invited to identify themselves with the work of the Red Cross. Donations may be of any size.

County Chairman T. V. Reeves announces that contributions are being received daily. He hopes that citizens will double their contribution for the last War Fund drive, and will bring it to the Red Cross room, to the City Hall, Bank, or any business house. It should not be necessary for committees to be forced to look citizens up for their donations.

Precinct chairmen who will receive donations are:

No. 2, C. P. Robertson, Jowell.  
No. 3, Ross Craig, Ralph.  
No. 4, E. W. Schaeffer, Ceta.  
No. 5 and 14, W. E. Bennett, Park and Stone.  
No. 6, Wilson Campbell, Costley.  
No. 7, Carl Fuqua, Wildorado.  
No. 8, Louie Wieck, Umbarger.  
No. 9, Mrs. W. J. Plesher, South Amarillo.

### No Call During March For Men In Armed Forces

The local board of Selective Service has received no call for men during the month of March.

A call was received Monday for 30 men to be sent for physical examination on April 27. The men will leave on the afternoon of April 26.

This is the first month in a year that a call for men has not been received from this county. It is believed that the month was skipped because of the large number of men who are now in service. Credit has been received for 525 men from the county. This does not include the 26 who reported last month, and a large number of volunteers for whom credit has not yet been received. The total number of men now in service from Randall county will run to nearly 575.

### Former Resident of Canyon Died Feb. 20

Mrs. J. C. Black was called to Clifton last week by the death of her brother, Morgan Joel Caraway. The family lived in Canyon several years ago, and the deceased was well known by many citizens.

He was a veteran of World War I. He has been associated with his brother, D. C. Caraway, in the operation of a picture show. The funeral was held at the Presbyterian Church of which he was a member.

#### SCHRAMM IS DISCHARGED

Cpl. John Schramm arrived home Sunday from Santa Maria, Calif. He has been discharged from the army and will go to Flagstaff next Monday to report for work in a munitions plant.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

A lot of Americans are swallowing the Nazi propaganda regarding Russia. We are advised to beware of Russia and the Red party after the war. These propagandists would have us believe that as soon as Germany is removed as a defense against the Reds, Russia will overrun the world. Americans who repeat such bold lies to look facts in the face. They are blind to the fact that it was Germany, not Russia, that overran the nations of Europe, and bragged that they would rule the world. It was Germany, not Russia, that has conquered 13 European nations; has murdered defenseless women and children; has enslaved the manpower of Europe and is trying to force enslaved men to work in the German war plants; it has been Germany, not Russia, that has kept Europe embroiled in war almost since the founding of the German empire; it is Germany, not Russia, that has bragged of being a superior nation, and has extended global threats to all who disagreed with her. While the people of America were shocked in finding that we were partners with Stalin in this war, every fairminded American will agree that the Russians have done a fine job of killing Hitler's best soldiers—killing the men that our nation would have been forced to face on the battlefield had not the Russians stopped them cold. Germany has the best propaganda system the world has ever seen, and it is a shame so many Americans fall for the stuff which is hatched up by the Nazi war lords. We are supposed not to hate our enemies, and to be lenient with the German people, but it is getting harder and harder to do this, knowing full well that Hitler is the product of the German empire and German ideals, and that the people are standing by him in his murder, plunder and rape of the innocent people of Europe.

Selective Service has changed so much that it is now practically a thing of the past. Several months ago the unions succeeded in freezing essential men to their jobs. This

has tied up about 2,000,000 single men of military age who are safe from Selective Service. The fear of a food shortage has caused Congress to practically stop the induction of farm hands. No matter what job a man or boy has on a farm, he is almost certain of deferment under new orders of Selective Service. Thus great blocks of men are free from military service. This leaves a very limited number of single boys to be inducted into the armed forces before married men will be taken. There is much resentment in many parts of the country at seeing single boys safe from military service because of their jobs while married men are being inducted. Do not become too critical of single men whom you think should be inducted. If you know any information which the local board should have, do not hesitate to tell the members. Such information is needed and will be carefully guarded. Don't start to use yellow paint, or vile and slanderous names about young men who are deferred from military service because you think they should be in service. Chances are that if the war continues into 1944 most of these young single men will be pulled from their jobs and replaced by older men or women.

"Why don't they let the farmers plant what they want to," asked a group of men the other day. With the demand for more food, such a query sounds somewhat reasonable, but is not logical. Tripple A was set up to control farm products so that there would be no surplus of any farm commodity, and for conservation of the soil. Right now there is a demand that farmers raise more row crops in the Panhandle in order to provide feed for cattle. Panhandle farmers would prefer to raise more wheat and less row crop. Down in the state farmers would prefer to raise all cotton and not bother with feed crops or live stock. If farmers were turned loose we would soon have a surplus of wheat and cotton, and too little feed for livestock. The war has continued the problems of well balanced farm production, the same as prevailed back a few years ago, although changed in aspect.

Two important political announcements were made this week: It is asserted with assurance that President Roosevelt will seek a 4th term; and Wendell Willkie will seek the Republican nomination. The President seems to be making no effort to train a man to succeed him. Henry A. Wallace is not regarded as a heavy weight by his co-laborers, and certainly is not accepted by the bulk of the Democratic party. Willkie is being fought by the isolationist group of the Republican party. It is 20 months before the general election of 1944, and lots of things may happen. There is one thing sure and certain, the people must be convinced that America must take an active part world will be thrown into another in the enforcement of peace, or the war before another 25 years rolls around.

Young women are being urged to join the WAACs, WAVEs and other units for women which are releasing men for combat duties. These enlistments have been much less than the armed forces need. Randall county has contributed a number of young women to their organizations, but there is an urgent need

for more women right away. There is no glamor about enlistment in one of these organizations. Hard work is ahead for any woman who joins. But there is a patriotic need for more women who will serve their country in one of these organizations.

What about the black markets; what about the abuses of labor racketeers; what about the hoarders of food who failed to declare the stuff which they had hidden away; what about the raids which are being made on stocks of clothing and dry goods in an attempt to beat any prospective rationing. We brag about our patriotism; and wave the flag when the parade goes by; but we still lack a lot of being wholly in the war, when the war interferes with out personal liberties.

Eddie Rickenbacker is the Nation's hero. He is giving some mighty sound advice in the way of national war production. He pointed out the other day that absenteeism in our ship building yards was sabotaging ship building. Nearly as many ships were sunk during January by workers who failed to show up for their jobs as were sunk by enemy subs. Congress is going to do something about this if the unions continue to refuse to make their members produce.

Why is Hitler so silent? Maybe the dictator has lost his voice. The last time we heard him, he threatened to tear his tonsils out as he cussed the Jews and the English. There have been reports that Hitler is dead. This would be a tragedy. The German generals have more military sense than Hitler, and if he is supplanted by the military men of Germany you may count on the war lasting much longer than if Hitler continues running the war.

Many of the war leaders have been sick — Roosevelt, Churchill, Mussolini and reportedly, Hitler. No wonder. It would take men of iron constitutions to carry on the worries and burdens which these men must undergo. Being leaders of great nations is a big job under peace conditions, but duties are greatly multiplied during war.

Do not patronize black markets. You may be able to eat better, or to drive your car farther, or enjoy some other privileges of which your patriotic neighbor is denied. Black-markets are run by traitors to the

nation, and those who patronize these markets are as guilty as the operators.

Stop rumors. When some fellow starts trying to tell you some outlandish story about your neighbor, or about one of our national leaders, please do not repeat the story. Rumors are nearly as destructive as bullets.

What this country needs right now is a good rain. While moisture seldom comes during the early part of the year, a good rain in March would be a fine thing to check the April winds.

### First Orchestra Concert Is Well Received Thursday

An audience of about 300 students and townspeople heard the college orchestra in its concert last Thursday night. Members of the Philharmonic club from Amarillo assisted in the program, which was directed by Robert Louis Barron. This was the first public appearance of the new W. T. conductor.

The solos by Jean Tarlton and Vesta O'Dell were well received and the entire program showed much work and preparation on the part of the entertainers.

Following the concert, Mrs. Clark and Mrs. Hill entertained with a formal reception in the Home Economics dining room.

Mr. and Mrs. L. F. Bechtold of Amarillo visited Monday with Mrs. L. F. Bechtold, Jr.

### Missionaries Go Deep Into Jungle To Teach Indians

Frank and Viola Riefsnyder, missionaries, are now deeper in the jungles of Peru than they have ever gone, according to information received by friends here.

Mrs. Riefsnyder, a former student of West Texas State, is given financial support by local friends through the efforts of Miss M. Moss Richardson, professor of English.

The missionaries will remain in the jungle six months to teach and preach among the Cashibo Indians. Mr. Riefsnyder was recently honored by the Peruvian government for the work he and his wife have done with the Indians. He has assisted in solving many governmental problems. He obtained concessions for the Cashibos, who are permitting him to go where no white man has yet penetrated.

The couple also works among the Campa Indians, of whom about 40,000 are uncivilized. They adopted an Indian boy who was about to be killed and buried in tribal rites.

N. E. McIntire has gone to Lubbock to a Rexall Convention.

## Don't Worry About Rationing

Many Randall county women have done lots of worrying about food rationing. Yes, they worried needlessly in most instances until they came to Bellah's and saw how easy rationing works in our store.

You will find convenient displays of foods, plainly marked with the prices and the ration values, so that you will know in an instance how many coupons will come from your ration book with each purchase.

Do not overlook the fact that you can buy many, many splendid food items which are not rationed, and which Uncle Sam wishes you to use so that rationed items may be reserved for our men in service.

## Raise a VICTORY GARDEN

### Eat What You NEED— and Stock Up for Winter!

- A food shortage in the U. S. A.?

It won't happen here if we all grow Victory Gardens. It takes a lot of hard work to have a good garden, but you will be rewarded with fresh vegetables on your table all summer—and a supply of canned goods on the pantry shelves next winter.

Grow the vegetables you won't be able to buy at the corner grocery. Plan a garden of your own or join up with your friends. Everybody will be gardening. If you had a Victory Garden last year, have a bigger one this year. And be sure to ask us about International Harvester's 84-page booklet, "Have a Victory Garden." It's a honey!

## Betty McManigal and O. H. Rahlfs, Jr., Married

Miss Betty Jane McManigal of Tulla, daughter of Mr. and Mrs. M. B. McManigal of Happy, became the bride of Pfc. O. H. Rahlfs, Jr., in a double ring ceremony solemnized February 20.

The bridegroom, who is stationed with the Army Air Corps in Lubbock, is a son of O. H. Rahlfs of Happy.

Rev. R. A. Partlow, minister of the Lubbock Presbyterian Church, read the vows in the home of the bride's parents.

Nuptial music was provided by Miss Phyllis Shuman of White Deer, Mrs. Hurley Maynard and Mrs. Hobart McManigal.

**Sister Is Attendant**  
Matron of honor was Mrs. Owen Thornton of Clovis, sister of the bride. She wore a wheat-colored suit with brown accessories and a corsage of tulle roses. George Rahlfs, brother of the bridegroom, served as best man.

The bride, given in marriage by her father, wore an Australian green wool suit with brown and natural-colored accessories. Her corsage was a shoulder spray of white gardenias.

**Reception Held**  
The bride's mother wore a navy blue dress with black accessories and a corsage of tulle roses.

A reception was held in the home of the bride's parents after the ceremony.

The couple took a brief wedding trip. Both are graduates of Happy High School. Mrs. Rahlfs, who is a teacher in the Tulla schools, plans to receive her B. S. degree from West Texas State College at the close of the summer term. Pfc. Rahlfs was enrolled as a student in Texas Technological College in Lubbock until Sept. 1942, when he volunteered for the Air Corps.

Prior to her marriage, Mrs. Rahlfs was complimented with a miscellaneous shower given in the home of Mrs. Seth Whitman. Another shower was given by the fourth grade of Tulla school and sponsored by Mrs. H. Lindley, music instructor.

## MRS. STERNBERG HAS AS YOU LIKE IT CLUB

Mrs. A. W. Sternberg entertained the As You Like It bridge club Thursday afternoon.

The guests were Mrs. J. S. Humphreys, Mrs. R. P. Jarrett, and Mrs. C. A. Murray.

A salad course with tea was served to Mrs. W. C. Kunze, Mrs. Clyde McElroy, Mrs. J. L. Duffot, Mrs. P. E. Savage, Mrs. Sternberg, Mrs. C. M. Presley, Mrs. Anne Wofford, Miss Edna Graham, Mrs. Harris M. Cook, Mrs. Grayson Bell, Mrs. Humphreys, Mrs. Jarrett, and Mrs. Murray.

## NATIONAL TOPICS DISCUSSED AT WOMAN'S BOOK CLUB

The Woman's Book Club met Tuesday afternoon to discuss National topics of interest to all.

Mrs. A. W. Sternberg discussed the state of the nation with particular reference to President Roosevelt's speech on the Road to Berlin, International parliament, world organization and the union of the Americas.

Mrs. C. M. Dowlen exposed in her topic "Slackers in Work Clothes," the seriousness of the labor situation to the war effort. Her second topic was "Buying More in a Post War World."

Mrs. D. M. Nickolas gave a report from the Federation News on the war activities of women. Mrs. Fred Standley, defense chairman, urged the women to assist in filling the quota for the WAACS.

Topics for the next program will be "What was accomplished at Casablanca?" and "Does Education Set Men Free?"

## IF HEAD COLDS HANG-ON

DO THIS! To relieve discomforts, one of the best things you can do is put a good spoonful of home-tested Vicks VapoRub in a bowl of boiling water.

Then feel the wonderful relief come as you breathe in the steaming medicated vapors that penetrate to the cold-congested upper breathing passages! See how this soothes irritation, quiets coughing, and helps clear the head-bringing grand comfort.

FOR ADDED RELIEF... rub throat, chest and back with VapoRub at bedtime. Vicks VapoRub works for hours—2 ways at once—to bring relief from distress. Remember—it's Vicks VapoRub you want.

Mrs. R. P. Jarrett was high score winner and Mrs. Clyde Davis low score. Washington talley were used.

Creamed chicken in pastry shells with hot rolls and spiced cake and coffee were served to Mrs. Al Williams, Mrs. Tom Brasher, Mrs. W. W. Nicklaus, Mrs. Hud Prichard, Mrs. Davis, Mrs. Jarrett, Mrs. J. Madison Daugherty.

## MRS. HUMPHREYS HAS SUE HITE CLUB

The Sue Hite Club met with Mrs. John S. Humphreys Monday afternoon, Feb. 22.

"Last Train from Berlin" was reviewed by Mrs. Herschel Jennings. During the social hour refreshments and favors were in keeping with the patriotic motive.

Besides regular members the guest list included: Mrs. Klein Alexander, Mrs. Al Williams, Mrs. Spencer Whippo and Mrs. D. Oral Kaywood.

The next program will be in the Thompson Club Room, under the direction of Mrs. Levi Cole and Mrs. Cecil Briggs, Monday, Mar. 8.

## EDGETOWN H. D. CLUB MET WITH MRS. DAVIS

The Edgetown H. D. Club met with Mrs. W. T. Davis Feb. 25th at 3 o'clock, p. m.

The program was on home nursing. Subjects on how to make the home a place of safety were discussed. Mrs. W. L. Rice spoke on "Everyday Care of the Patient."

Mrs. Davis spoke on "Home Medicinal Equipment and what to do in Emergencies," and Mrs. L. L. Gore discussed the Home.

Present were Mrs. R. D. Lowery, Mrs. W. L. Johnson, Mrs. W. H. Hardin, visitors, Mrs. O. M. Solomon, Mrs. Gore, Mrs. Davis, Mrs. P. L. Walters and Mrs. Rice, members.

The next meeting will be with Mrs. Gore on March 12. Miss Wilroy will give a demonstration on planting fruit trees.

Mr. and Mrs. Charles Pain of Amarillo spent Sunday with Mr. and Mrs. T. W. Henderson and family.

## Dr. Mattie Swayne Elected President Of Texas Graduates

Thirty-two Randall County exes of the University of Texas held their annual get-together at the home of Dr. and Mrs. J. A. Hill Sunday evening.

Dr. B. F. Fronabarger, president of the group, read a letter of greeting from Dr. Homer T. Rainey, president of the University of Texas.

The following officers were elected: President, Dr. Mattie Swayne; vice-president, L. G. Allen; secretary-treasurer, Miss Lee Sullivan; reporter, Mrs. Tommie Montfort.

A buffet supper was served by the refreshments committee, which was composed of Mrs. T. B. McCarter, Mrs. C. A. Murray, and Mrs. Charles Burrow.

During the social hour, an informal program arranged by Miss Novella Goodman and Miss Maude Cuenod revealed a number of surprising facts. Through questions and questionnaires it was discovered that Dr. Hill was the first correspondence student enrolled at T U.; that Dorothy Fisher Smith is a former "Orange Jacket" and member of the staff of the Daily Texan; that Miss Edna Graham holds the first correspondence scholarship awarded by the university; that four of the Randall County exes call Austin their home (Misses Clark, Cuenod, Manigault, and Palm of W. T.); that Miss M. Moss Richardson is an expert in Texas history.

The group found there was "too much Texas" in Quizmaster Novella Goodman's question period. Not even Historians J. A. Hill and L. F. Sheffy made perfect scores.

Staff Sergeant C. L. and Sergeant James Drummond left Saturday to return to their caps after a visit with their mother, Mrs. Cora Drummond.

Miss Oma Robertson visited in Amarillo Sunday with Mr. and Mrs. D. G. Robertson. Mr. Robertson is her brother.

Mr. and Mrs. Pat Gerald and son, Patrick, of Vernon spent the week end with Mr. and Mrs. Ed Gerald.

By BOONE MCCLURE

The cowboy strike of 1883 was the first labor dispute to take place in the boundaries of Texas, and as such it received the attention of students of labor relations.

The document quoted in full below is one of the ultimatums sent out by the strikers to the various ranchers. Thomas Harris, the leader of the movement, has been described by acquaintances as one of the most magnetic men of the time and region. His death brought the movement to an end, and the striking cowboys returned to their old jobs or to new jobs with like remuneration. This ultimatum is on display in the Panhandle-Plains Historical Museum in Canyon.

Before the cowboy strike in 1883, the following ultimatum was sent to the managers of the various ranches:

**Cow Boys Association**  
"We, the undersigned cowboys of Canadian River, do by these pre-

sents agree to bind ourselves into the following obligations, viz—First, that we will not work for less than \$50 per mo., and we farthermore agree no one shall work for less than \$50 pr. mo. after 31st of Mch. 2d Good cooks shall also receive \$50 pr. mo. 3d Anyone running an outfit shall not work for less than \$75 pr. mo. Anyone violating the above obligations shall suffer the consequences. Those not having funds to pay board after March 31 will be provided for for 30 days at Tascosa.

Thos. Harris, Roy Griffin, J. W. Peacock, J. S. Howard, W. D. Gatton, S. G. Brown, W. B. Baring, D. W. Pfeiffer, Jas. Jones, C. M. Bullett, U. F. Martin, Harry Ingerton, J. A. Marrs, Jim Miller, Henry Stafford, Wm. T. Kerr, Buer Davis, T. D. Halliday, C. F. Goddard, E. E. Watkins, C. B. Thompson, G. F. Nicwell, Juan A. Gomes, J. L. Grisom."

## Lubbock Base To Play Here

**Strong Club Will  
Come Friday—Game  
On Post-Season Play**

A powerful basketball team from the Lubbock Air Base will play a West Texas State College five here Friday evening at 8 o'clock. Coach Gus Miller announced today.

It will be a post-season encounter for local athletes, who will be drawn from all sources available. The Buffs have closed their season but most of the athletes still in college are in intramural basketball or physical education classes.

Coach Miller, regional director for the National Intercollegiate basketball tournament of Kansas City, announced that North Texas State, champions of the Lone Star Conference, and Texas Wesleyan, cham-

pions of the Texas Conference, would enter the national meet. Arizona University, which had been invited to go as co-champions of the Border Conference, withdrew after the committee on athletics voted to end all competitive basketball for the duration of the war.

## Type High Ends "Devil" Status of Nine Pledges

Nine "printer's devils" took their final vows Sunday and became full members of Type High, campus journalism club.

The ceremony, directed by Jackie Wofford, president, and Olin E. Hinkle, sponsor, took place while the group was enjoying a strenuous "commando party."

The new members are Jean Kleinschmidt, Bill Mitchell, Bobby LaFon, Peggy Bishir, Evelyn Jean McCarty, Rosemary Hoare, Robert Blackwell, Marie Smotherman, and J. T. Harp.

What kind of a house would you put here?

AFTER THE WAR, somebody's going to put up a new house on that pretty rise of ground that overlooks the river bend just outside of the town line. Nothing elaborate. Just a pretty little house snuggled into the trees as though it belonged there.

Somebody else may buy the old Ward farm. There should be many a good day's hunting in those rolling fields and back through the woods over to the State road. Fixed up a little bit—and it shouldn't take much money—it would be a livable place for a man and his family.

Yes, somebody's going to buy it. Somebody's always coming along with a dream and a little money, and doing the things we'd promised ourselves we'd do someday.

But this time, why can't that "somebody" be you?

Look... Suppose you put 10% of your pay into War Bonds. At least 10%—more if you possibly can. And keep putting it away—putting it away—putting it away.

SAVE WITH U.S. WAR BONDS  
EVERYBODY...EVERY PAYDAY...

Week after week—payday after payday. Here's what happens:

Before you know it, you get so you hardly miss that money. And if you do miss it, you've got something better to replace it—the knowledge that you, personally, are helping to insure a steady flow of planes and tanks and guns to the men who fight. The knowledge that you, personally, have tied the mark and are helping to win the war.

Then, one of these days, when peace has come again, the money you've put away starts coming back to you. And bringing more money with it—you get four dollars for every three that you put in!

When that day comes, you can get out your pencil and start figuring just what kind of a house you'll put on the river bend.

But to be sure that day does come, you'd better do this: You'd better get out your pencil right now and start figuring how you can save at least 10% of every single pay check with U. S. War Bonds!

The Amende Honorable

"Pat, did you steal farmer Brown's pig, and if so, what did you do with it?"

"Killed it an' ate it, your honor."

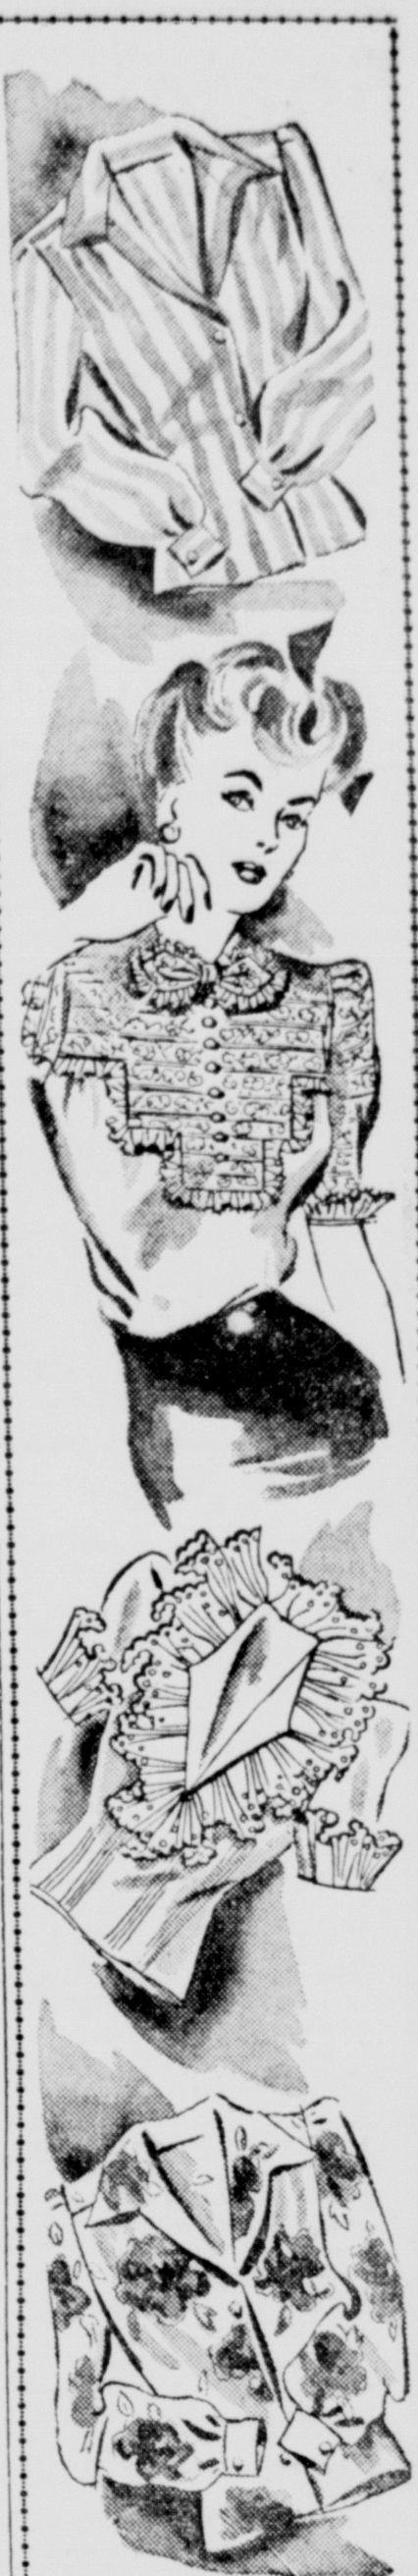

"Pat," said the lawyer, "when you are brought face to face with this farmer and his pig on the judgment day, what will you say when he accuses you of this theft?"

"Did you say the pig would be there, your riverine?"

"Yes."

"Well, thin, O'll say: 'Mr. Brown, there's yer pig!'"

## Miss McCarter, Albert Brown Are Married

Miss Wauvita McCarter and Albert Brown were united in marriage yesterday morning at 11 o'clock at the home of the bridegroom, 1702 Second Avenue.

Dr. Roy L. Johnson pronounced the ceremony. The couple was unattended. The bride was attired in a blue dress with blue accessories. Her bouquet was made up of sweet peas and calla lilies, her corsage was of sweet peas.

The home was beautifully decorated with profuse bouquets of cut flowers. Only members of the immediate families of contracting parties witnessed the ceremony.

The bridal couple left immediately for a short trip to New Mexico.

The bride is the daughter of Mr. and Mrs. W. E. McCarter of this

city. She is a graduate of Canyon High School.

The bridegroom is the son of T. M. Brown of this city. He is engaged in stock farming and dairying, and operates a large milk route daily.

The couple will make their home at 1702 Second Ave.

### NORMA LEA BLUE AND FRANK STOCKMAN WED

Two prominent ex-students of W. T. were married last October, according to announcement just made by the couple.

Miss Norma Lea Blue of Canadian and Ensign Frank D. Stockman were married Oct. 16 at Arnett, Okla. Both received their degrees from W. T. last year.

During her freshman year the bride was selected class beauty, and in her sophomore year was elected the first basketball queen of the Buffaloes.

The bridegroom was captain of the Buffalo basketball squad two years ago when a brilliant success was scored by the team on two trips to the east. He recently received his commission as Ensign.

The couple is in San Francisco where he is called to service.

### MRS. JENNINGS HAS WOMEN'S COUNCIL

The Women's Council of the Christian Church met with Mrs. Worth Jennings Tuesday afternoon.

Mrs. Marion Higdon was in charge of the program and gave an interesting talk on Porto Rico. Mrs. Lawrence Aber had the devotional.

A refreshment plate was served to Mrs. W. A. Miller, Mrs. John Hunter, Mrs. P. V. Winstead, Mrs. Henry Bradford, Mrs. Gene Root, Mrs. W. A. Warren, Mrs. Spencer Whippo, Miss Fannie Malone, Mrs. Jennings, Mrs. Higdon and Mrs. Aber.

## New Resident Likes Canyon, Was His Report at Rotary

Jack Riley, new resident of Canyon, stated at the Rotary Club luncheon Tuesday that he liked Canyon very much. The program was in charge of Tom Knighton who introduced the speaker.

Mr. Riley was former superintendent of schools of Weatherford, Okla., and president of the Kiwanis Club of that town.

Six months ago he accepted a position as instructor in the Amarillo Technical School. He has lived in Canyon since then, and likes Canyon fine because it is much like his old home town.

"I like Canyon because you go ahead and do things without ballyhoo," stated the speaker. "I have lived here six months, and have never seen a policeman, because people here observe the law."

"The world faces great changes after the war, and business men have many problems to face. Those who refuse to admit there will be changes will not do well. This nation must adopt a program that will appeal to youth."

The speaker pointed to the fact that the war was brought on the fact that the youth of Germany wanted a program, and Hitler gave them one, bad as it turned out to be.

While many citizens yet fail to realize the kind of a war in which we are engaged, we must plan now to adopt a plan which will prevent another war. Young people want a program, but we must keep them in the right direction.

Visitors were: L. A. Vahue and E. Kancher of Amarillo.

## Methodist Men Have Get-together Meet

A large group of men of the Methodist church had supper together at the church last night and talked over plans for the future.

G. G. Foster, chairman of the Board of Stewards, presided.

Dr. S. H. Condon talked on the need for a planned program for the future. He has no fear of an economic collapse after the war, but there is grave fear of a spiritual collapse.

Rev. C. C. Armstrong expressed his appreciation for the group of men and hoped they would take an active part in the church's program. Of the 130 million people in the United States, 70 million are not affiliated with any church. This is a grave threat to Christianity.

"We cannot do without God," declared Louis Hinder, who drove the farthest distance to attend the meeting.

Short talks were made by Mr. Foster, Clyde Warwick and Dan Sanders.

FOUND: A small purse. Owner may come to News office and describe it.

### GEO. HARPER DISCHARGED

George D. Harper has been discharged from the army. He was at Sheppard Field. His discharge was due to the fact he was over 38 years of age.

Miss Frances and Dorothy Laas of Plainview, daughters of Mr. and Mrs. O. J. Laas visited over the week end with their grandparents, Mr. and Mrs. Harvey Cash. Mrs. Laas is the former Miss Fannie Cash.

Mrs. Charles I. Weddle, Jr. and son, Danny, of Dayletown, Penn., are here for a three weeks visit with her mother, Mrs. L. L. Gore. Mrs. Weddle is the former Miss Dorothy Gore.

1st Lt. Earl Henderson of Camp Swift is visiting in the T. W. Henderson home.

## Engagement of Miss Dorothy Warwick Announced

Members of the house party at the Warwick home Friday night: left to right: Miss Helen White Moore, Miss Pauline Brigham, Mrs. Clyde Warwick, Mrs. J. B. Winkelman, Miss Warwick, Mrs. A. M. Meyer, Mrs. Harley Stone, and Miss Marion Miller.

### By MRS. OLIN E. HINKLE

Miss Dorothy Warwick, daughter of Mr. and Mrs. Clyde W. Warwick, and Ensign Arthur C. Haley, Jr. of the United States Naval Reserve are to be married at the Warwick home, 1110 Sixth Avenue at an early date.

Announcement of the engagement was made by the bride-elect's mother at her home Friday evening.

Assisting Mrs. Warwick, as members of the house party, were Miss Pauline Brigham, Miss Helen White Moore, Mrs. S. L. Ingham, Mrs. C. R. Burrow, Mrs. W. A. Warren, Mrs. J. J. Walker, Mrs. Harley Stone, Mrs. J. B. Winkelman of Amarillo, Miss Marion Miller, Mrs. A. M. Meyer, Mrs. Houston Bright, and David Hinkle.

Opening the program, Miss Miller sang "Dearly Beloved." She was accompanied at the piano by Miss Brigham.

Then—"Extra! Extra! Read all about it!"—and the party was enlivened by 7-year-old David Hinkle's impersonation of a news boy. David distributed copies of the Canyon News in miniature. This paper, cleverly edited by the hostess, disclosed plans for the wedding.

Guests were invited into the dining room, where Mrs. Burrow and Mrs. Ingham presided.

Planked by six white tapers tied with white satin bows, the large table centerpiece included Siberian iris, jonquils, carnations, 10-week stock, and fern. The pastel tints of the flowers were repeated in the menu of tea, coffee, open-faced sandwiches, individual flower-topped cakes, mints, and salted pecans. On the mints were the initials of the engaged couple, and their first names were printed on the napkins.

The bridegroom's sister, Mrs. Lane Cummings of Seligman, Arizona, and her baby daughter, Carole Ann, were among those present.

Others on the guest list were: Mrs. Jack Jouett, Amarillo; Mrs. Kenneth Gibson, Mrs. Lee Foster, Mrs. Jack Walker, Mrs. Dan Sanders, Mrs. R. P. Jarrett, Mrs. Olin E. Hinkle, Mrs. J. A. Hill, Mrs. R. A. Terrill, Mrs. D. A. Shirley, Mrs. Guy B. Tabor, Mrs. C. A. Murray, Mrs. W. C. Black, Mrs. W. A. Warren, Misses Edna Graham, Daisy Lee Dodson, Amarillo; Lelle Peterson, Dorothy Clutter, Nell Spann, Sarah Thompson, Thelma Franz, Merrie Lib Duflet.

### Shower Given Saturday

Mrs. A. M. Meyer was joined by Mrs. Henry Blackburn of Amarillo and Mrs. Harley Stone in honoring Miss Warwick at a lingerie and linen shower Saturday evening in the Meyer home. Guests included members of the Pi Omega Sorority, of which Miss Warwick is a member.

Decorative interest centered about a miniature wedding scene on the tea table. Tiny candles lighted the altar, before which stood the bride, groom, and minister. Four white tapers in silver holders, and bowls of sweet peas completed the table decorations.

Mrs. Clyde Warwick poured tea and coffee, which were served with rolled toasted cheese sandwiches, pecan kisses, mints, and salted nuts. Recipes, contributed by guests, were presented in a file to the honoree.

Each guest was asked to close her eyes and draw a pepper, the Pi Omega insignia, before signing Miss Warwick's guest book.

Included on the guest list were the following: Mrs. J. T. Mitchell, Claude; Mrs. Jack Liston, Mrs. Craig Walling, Mrs. Harley Goettsche, Mrs. Jack Jouette, Amarillo; Mrs. Branch T. Archer, Lockney; Mrs. Kenneth Gibson, Misses Merrie Lib Duflet, Beth McCaslin, Florence Clark, Marion Miller, Thelma Franz, Nell Spann, Dorothy Clutter, Canyon; Daisy Lee Dotson, Amarillo; Virginia Line, Pampa; Inez Franz, Jo Word, Skellytown; Charlotte Word, Katherine Doak, Canadian.

### Honored With Coffee

Miss Pauline Brigham and Miss Helen White Moore honored Miss Warwick with a coffee in their home Sunday morning.

The honoree and Mrs. Houston Bright met the guests as they arrived, during the hour from 10 to 12 o'clock. They invited the group into the living room, which was decorated with snapdragons and phlox.

In small groups, guests were invited to the dining room. Here, Mrs. Warwick and Mrs. A. M. Meyer

poured coffee, which was served with cinnamon rolls, baked peaches, and salted nuts. The lace-covered table was centered with spring flowers of various colors.

Those signing the guest book were Mrs. R. Lee Foster, Mrs. W. C. Black, Mrs. J. J. Walker, Mrs. R. A. Terrill, Mrs. Dan F. Sanders, Mrs. W. A. Warren, Mrs. Branch T. Archer, Jr., Mrs. Guy B. Tabor, Mrs. Olin E. Hinkle, Mrs. Houston Bright, Mrs. A. M. Meyer, Mrs. Kenneth Gibson, Mrs. Jack Walker, Mrs. Harley L. Stone, Misses Thelma Franz, Merrie Lib Duflet, Nell Spann, Sarah Thompson, Marion Miller.

## Rudolph Friemel Family in Record Food Production

Rudolph Friemel, Jr., a 4-H Club boy 18 years of age, has won many honors in his club work the past few years. These included a Santa Fe trip to Chicago and a number of prizes on his Spotted Poland China hogs. The best record he ever made was in 1942 when he did not win any prizes or notable awards. This record was made on the food production line.

For the past three years Rudolph has in addition to his other activities carried on a farm record project. His summary of 1942 production reveals that the family of father, mother and son produced and sold the following food items: beef and pork, 19,260 pounds; wheat, 3,000 bushels (not counting wheat for feed and seed); 9,750 dozen eggs and 1,400 pounds of butter fat. The farm also produced all the feed required, except protein concentrate.

The food requirement of the family was met by a large garden and by sale of miscellaneous items, such as fryers, etc. The eggs and meat consumed on the farm are not included in above items sold.

According to the best information available this farm operated entirely by three people produced the food equivalent to feed 5 1/2 soldiers one year in addition to their own food requirements.

# Sketches of Progressive Men & Civic Leaders of Amarillo

## Steffen Ice & Ice Cream Co.

DONALD M. HOLMAN, Mgr.

Mr. Donald M. Holman is, comparatively speaking, the new manager of the Steffen Ice & Ice Cream Co., yet he has had a long experience at his business and is thoroughly competent in every respect. He is also the type of citizen who contributes to worthwhile causes and to the best of his ability, backs those movements or projects which tend to further the growth and progress of the city.

The Steffen Ice & Ice Cream Co., is one of those reliable Amarillo firms of which we are able to speak in the highest of terms. This company has been doing business with the people of the Panhandle for a great many years, and over that period of time has established itself as one of the leading firms in its field. No amount of effort is spared to see that all orders are handled with the utmost care and dispatch. And the people with whom they do business are more than satisfied with the quality products and service which they receive from the company.

Donald M. Holman and the Steffen Ice & Ice Cream Co., are assets to Amarillo and this entire district and we take pleasure in paying them this brief tribute.

## Walter W. Holmes

In making this review of progressive Amarillo business men it is appropriate that we include some of those men who have taken an active part in the exploration and development of the petroleum industry in this area. And in doing so we would be sure to include Walter W. Holmes, a well-known oil operator of Amarillo. Mr. Holmes is that solid type of citizen whose fairness and friendliness and sincere desire to be of service and accountable for a large measure of his success. As time goes on his personal interests have become more closely interwoven with the success and civic affairs of the city. As a result he has, quite naturally, become accepted as a man who can be called upon and who will cheerfully do his part to further the development of those community activities on which he is best fitted to serve.

Walter Holmes has, by the conduct of his business and by his attention to civic affairs, earned the friendship and goodwill of his fellow citizens. He is to be complimented upon his activities and we merely express the desire of his many friends in wishing him continued success.

## Texas Sand & Gravel Co.

ROY P. EASTLAND, Mgr.

A firm that may be truly said to lead its field is the Texas Sand & Gravel Co. This company has become an Amarillo institution. It has served the people of Amarillo and the Panhandle for years, and has established an enviable reputation for reliability.

The Texas Sand & Gravel Co. has contributed greatly to the growth of the city of Amarillo and all the surrounding territory. They continue year after year to serve the district in a manner which merits the praise and support of every civic minded citizen.

It is firms of this kind that have based their activities on a policy of honest service which becomes assets to any community.

Roy P. Eastland, the manager, is a man who is largely responsible for the kindly feeling held by the citizens of Amarillo, toward his company. He is a man who has won the respect and friendship of everyone. We congratulate Roy Eastland on his record and trust that he will continue to enjoy many more years of success.

## E. F. Kendall

We desire in this Amarillo review to call the attention of our readers to the leading position which Mr. E. F. Kendall has reached in the business life of this section. During the comparatively short time he has been operating the Panhandle Gear & Parts Co., in Amarillo he has made many personal friends as well as having earned the goodwill of his associates for the straight forward manner in which he has conducted his business affairs.

Mr. Kendall has worked hard to deserve the confidence which the people of the community have in him and he continues to work hard to maintain in every way that high standard which he has set for himself.

He has shown a willingness to assist in every manner at his disposal in the growth and development of the city of Amarillo and is always ready and willing to lend his support to any project which promises to benefit the community as a whole. E. F. Kendall deserves our heartfelt congratulations on the splendid record he has already established and we sincerely hope for his continued success.

## Chas. M. Holt

Recognized as an authority on loan problems and real estate values Mr. Chas. M. Holt of the Southern States Loan Co., has turned his knowledge to the advantage of the people of Amarillo and vicinity. Through him many home owners and ranchers of the Panhandle have been able to make loans at reduced rates of interest on outstanding obligations. Mr. Holt also does a general insurance business under the name of Holt-Ferguson Ins. Agency. Aside from his business activities he has always been vitally interested in the civic betterment and progress of the city and has backed up his interest by active participation in the promotion of many projects which have benefited Amarillo and the Panhandle.

The city of Amarillo is indebted to Mr. Holt for his attention to its civic affairs, a characteristic which marks him a good and loyal citizen. And the measure of his loyalty to the community is most apparent through his untiring works.

His loyalty and service have made of Chas. M. Holt the type of man we all appreciate. We congratulate and extend to him, on behalf of all those interested in civic betterment and progress, sincere appreciation for his efforts along such lines.

## T. L. Ferguson

Due to the efforts of a group of wide-awake business and professional men the city of Amarillo has attained a dominant position in the commercial life of this section of the state. One of the men who has justly earned credit for being a prominent member of that group is Mr. T. L. Ferguson of the Smyth Auto Supply Co., Inc.

It is because of the successful operation of such businesses as his that the city of Amarillo has earned the reputation of being one of the more progressive cities in this district.

T. L. Ferguson is a man who has been conspicuously successful in business in spite of the fact that he has repeatedly neglected his own affairs to devote a part of his time and efforts to the successful promotion of some civic project.

This writer considers it a privilege to include Mr. Ferguson in our Amarillo review and to publicly give him credit for his contributions to the general welfare not only of his own city, but of this entire district as well.

## C. J. Fowlston

It is because of the unfailing optimism and faith which he so consistently displays toward the future of Amarillo and vicinity that we are prompted to call particular attention of our readers to the fine service which C. J. Fowlston of the Zero Lockers & Cold Storage performs in the successful conduct of his business. He is entitled to our praise and a brief tribute in this review of progressive Amarillo business men.

Mr. Fowlston is a resourceful and aggressive personality, whose progressive policies of business administration have earned for him a widespread reputation as an executive of more than average ability. And his apparent willingness to devote some of that ability to the promotion of civic activities further enhance his value to the city.

The Zero Lockers & Cold Storage reflecting as it does the executive and engineering ability of this man, has a recognized popularity throughout this entire district. We are glad to give C. J. Fowlston the credit he so well deserves for his achievements, and to wish for him a continued successful career as one of Amarillo's more progressive business men.

## R. E. Clements

Civic pride is one of those things that go hand in hand with success; because a man must have been successful to fully appreciate the advantages that were offered him by the community in which he lives.

Mr. R. E. Clements of the Superior Mfg. Co., is one of those business men of Amarillo who has shown his appreciation for his success by his attention to all civic matters. His willingness to become a cog in the wheel of community progress when united effort was needed to put over some movement or project for the good of the city, has always been taken for granted.

Mr. Clements' quiet assumption of responsibility, not only in connection with his own business but in regard to civic matters as well has very often lent a feeling of confidence to others interested in the same movement.

It is worthy of comment that such men as R. E. Clements derive a genuine pleasure from their participation in the business and civic activities of Amarillo. In complimenting him upon his leading position in the community we do no more than express the admiration and respect of his many friends.

This department has been worked up as a reflection of public opinion. No man has written of himself or his business, all articles having been compiled by a Canyon News representative as he saw conditions. These men are leaders in their various lines of endeavor, and the co-operation of those citizens of Amarillo who helped to make this department possible is sincerely appreciated by the publishers of the News. All material hereunder fully copyrighted and all rights to any part thereof reserved.

## F. T. Dines

Agricultural development has always been justly regarded as the backbone of any State or Nation. It always precedes the formation of towns and cities and the industrial growth and development which follows.

The noteworthy agricultural expansion that has attended the growth and progress of the Panhandle is largely due to those early pioneers who had the vision to realize the possibilities of the Panhandle. And since wheat growing has become a major industry in this district, we wish to pay tribute to F. T. Dines of the Texas Wheat Improvement Assn., a man who has and is doing much for the wheat growers of Texas.

F. T. Dines has also done his bit when it comes to helping out on civic activities. But his main interests have always been devoted to the development and improvement of the agricultural possibilities of this section of the state. He has done much along these lines—yet has been content to take his reward in the knowledge of a work well done and the respect and goodwill of his many friends. However, we feel that this brief public tribute is timely and deserving.

## H. L. Kearns

In critical times such as these it takes business men of more than average ability and optimism to carry on their operations successfully. In making this statement the man we have in mind is H. L. Kearns of the Kearns Grain & Seed Company.

His contagious optimism and freely expressed belief in the assured future prosperity of Amarillo are characteristics which we appreciate in a business leader.

Mr. Kearns has a large circle of personal friends and customers scattered throughout this entire district, many of whom reside in our own community. He has always taken an interest in Amarillo community affairs and has shown a willingness to shoulder his share of the civic load.

It is men like H. L. Kearns, who, because of the successful conduct of their business and private affairs and their willingness to contribute to the public good, are wholly deserving of a few words of commendation. We take pleasure in paying him this brief tribute.

## Hall Medford

Civic and business leaders too frequently do not receive the credit they have won and are entitled to for the time, effort and energy they have put forth to guide the destiny of Amarillo in which they are active. It is therefore with real pleasure that we call our readers attention to the fine work and aggressive leadership of Hall Medford of the O. M. Franklin Serum Co.

No city can make progress, grow and expand as it should without intelligent leadership on the part of its prominent citizens, who are too often inclined to give the "other fellow" most of the credit. It is not praise that they expect or desire. It is the victory of doing and accomplishing civic projects for the general betterment of the community from which they get their satisfaction.

But we cannot refrain from pointing out the unselfishness along this line by such men as Hall Medford. So far as his fellow citizens are concerned he has always done his part in the way of civic betterment and community progress, and we congratulate him on behalf of the people of this entire district.

## E. S. Westerfield

Mr. E. S. Westerfield of the Texas-Oklahoma Motor Freight Lines, is that substantial type of citizen, who because of the nature of his business, is widely known and has many friends throughout the Panhandle. He has in the past and no doubt will continue in the future to give more than his share of time and energy for the welfare of others than himself.

E. S. Westerfield is the type of person who makes friends, and friendships once formed by him are never broken by an unfriendly act on his part, and he spares no effort that his services to the people of Amarillo and vicinity shall be commendable.

Mr. Westerfield has never been known to inject himself into a situation for the mere purpose of gaining publicity. However, he proceeds in a calm unostentatious manner, and accomplishes his objectives with a quiet dignity.

In our opinion E. S. Westerfield is a good example of the more progressive type of business man who has aided in the growth and development of Amarillo and the Panhandle.

## Vernon E. Hancock

The true value of a citizen is not gauged by his personal success but rather by the manner in which he shares that success by his contribution to the community in which he lives. A city grows and flourishes according to the number of public spirited men and women who compose its population.

Vernon E. Hancock of the Oriental Cleaners, who has been in business for seventeen years, is one of those men who has given much toward the development of Amarillo. He has turned his personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Mr. Hancock's thorough knowledge of every phase of the cleaning and dyeing business has raised him to a position of leadership in his field of activities and has gained for him recognition as one of the city's more progressive business men. We compliment Vernon Hancock in this Amarillo review and wish to offer him this small evidence of our esteem.

## Arthur Khoury

Mr. Arthur Khoury of the Khoury Bros. Oriental Rug Co., is one of those men who has always done his bit to maintain the prestige of the city of Amarillo as the leading metropolis of the Panhandle. He has always worked for the development of the city and his many services are worthy of sincere appreciation.

Arthur Khoury has proved himself worthy of extended mention and these few words are not really adequate recognition of the many services he has performed in the promotion of public welfare. His well-earned success as a business man is easily understood knowing as the people do his widespread reputation for the honesty which characterizes all of his business dealings.

Mr. Khoury is completely aware of his civic responsibilities and he is wide awake to the many opportunities for service. He is always ready and willing to lend his support to any project which promises to benefit the community as a whole. We compliment Arthur Khoury on his accomplishments and wish for him continued success.

## Barney C. Moore

Recognized as one of the more progressive business men of Amarillo, Barney C. Moore, of the Adjustment Company bearing his name, performs a real service for the people of his city and this district, and his many contributions to civic betterment are too well known to require repetition in these columns. His ability to equitably adjust all types of insurance claims has raised him to a position of leadership in his line and has gained for him the respect and goodwill of both companies and claimants.

Mr. Moore is deserving of praise and this small tribute is but a just recognition of the many services which he has performed in the way of civic and business activities. His reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Barney Moore on his splendid record and trust that he shall continue to serve the people of Amarillo and vicinity.

## R. A. Cox

One of the most progressive business men of the city of Amarillo and one who deserves the respect and goodwill of every resident of the city is pleasant, likeable R. A. Cox of the Panhandle Transfer Co., who handle both local and long distance moving and heavy hauling.

The Panhandle Transfer Co. has become an Amarillo institution and R. A. Cox is no less so because of his inseparable connection with the firm in the minds of its customers.

He has always been ready and willing to contribute his time and energy to the assistance of any plan which promises to benefit this district and the people of Amarillo may regard with particular satisfaction the many services he has performed for the community in the interest of progressive and civic betterment.

We urge our readers to look to Mr. Cox as a man of whom we may be proud. His devotion to his city has been constant and his achievements well merited. His straight forward business methods are a credit to his high sense of honor and the progressive policies he has pursued in the past assure his continued success.

## Producers Grain Corp.

J. FRANK TRIPLETT, Mgr.

One of the Amarillo firms upon which the farmers and ranchers of this rural district depends a great deal is the Producers Grain Corp. This firm has befriended the farmers and ranchers of this district for years and during that time has made many thousands of friends throughout the Panhandle.

The Producers Grain Corporation has always been ready and willing to lend assistance to any project which promised to benefit this district as a whole, and by way of reciprocity the farmers and ranchers of the Panhandle should give them every consideration when buying or selling grain.

Mr. J. Frank Triplett the manager of the Producers Grain Corp., in Amarillo is a man who has won the universal respect and goodwill of our people. And he richly deserves his measure of success. We congratulate Frank Triplett on his personal success and also on the high plane which he has maintained his firm in the opinion of the readers of this paper.

## H. L. Henderson

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Amarillo has its share of these civic minded people and one who is deserving of recognition, is friendly, efficient H. L. Henderson, the manager of both the Tarry Motor Freight Lines and the Lone Star Package Co. His pleasing personality and ideals of service have been major factors in maintaining his companies in a prominent position in the business life of the city.

Mr. Henderson not only in his business activities but also in his attention to civic duty assumed a leading position in community affairs.

H. L. Henderson has always been ready and willing to contribute his time and energy to the promotion of any project which promises to benefit the community as a whole. He has often sacrificed his personal interests to be of assistance to the city. His efforts are deserving of commendation and support.

We congratulate H. L. Henderson and predict that the future will bring him even greater success.

## Bennie Bell

We wish in this edition to pay tribute to Bennie Bell of the Transport Company of Texas for his many services to the city of Amarillo and his splendid record of achievement in the business life of the city. Mr. Bell probably has as wide a circle of friends as any other person we could name. He has cultivated personal friendships at every opportunity and is at pains to conduct himself in such a manner as to deserve the respect and admiration of all who know him.

A city is fortunate in being able to number among its more progressive business people such a personality.

Bennie Bell is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district. He may be depended upon and his services to the people are too many in number to be described here. It may be sufficient to say that the publishers of the Canyon News consider Mr. Bell an asset to the community and a progressive business man of whom the city may be proud.

## Bill McClendon, Jr.

Every progressive, successful business man in Amarillo contributes in some manner to the growth and progress of the city. And a man who has always done his bit in both civic and business activities is Bill McClendon, Jr., of the Prescription Laboratory, where pharmacy is a full-time profession and not a side line.

The prominent part that the Prescription Laboratory has played in the business and civic life of Amarillo and vicinity mirrors the progressiveness and ability of such men as Bill McClendon, Jr. He has at all times been steadfast in his devotion to the city and the surrounding country and on many occasions lent his support to the successful promotion of meritorious civic projects.

Amarillo and this district are fortunate to have such a man as Mr. McClendon in a position of responsibility and service and this newspaper feels that it merely reflects public opinion in paying this brief tribute to a man of such worth.

## SURE TEST

"Halt; who goes there?"

"American."

"Advance and recite the second verse of 'The Star-Spangled Banner.'"

"I don't know it."

"Proceed American."

## Mrs. G. R. Shetterly

There are many people in their chosen field who are prominent, but will not permit much to be said about their achievements. It is however, public property every time a man or woman reaches a position in any community where they are generally recognized as a leader in their line. Mrs. G. R. Shetterly of the Pearce Dental Supply Co., has always done her work effectively, even though it has been accomplished in an unobtrusive manner. And it is our privilege to include her in this Amarillo review.

Mrs. Shetterly, even though she may be otherwise occupied, always manages somehow or other to do her bit in any movement calculated to benefit the community. Her modesty, however, will not permit her to say the things about herself which are said by her friends, who would also tell you that her professional conduct is a credit to her high sense of honor. She is a business woman who well deserves more credit than accorded here.

## Dr. E. F. Lanham

In paying tribute to some of the more progressive business and professional men of Amarillo, we would be remiss in our duty were we to fail to include the name of Dr. E. F. Lanham of the Panhandle Veterinary Hospital.

Dr. Lanham is a man who has contributed much to the welfare of Amarillo and the community for many miles around.

His civic spirit is evidenced by the many services he has performed in the interest of the people as a whole. No worthwhile enterprise which promises to benefit the community escapes his attention.

E. F. Lanham is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His professional conduct is a credit to his high sense of honor. A community is fortunate to number among its citizens a man of this type. We congratulate Dr. Lanham on his splendid record and trust he shall continue to assist us for many years to come.

## Frank Overturf

The city of Amarillo has assumed its place of importance in the Panhandle because of the efforts of far-seeing business and professional men who have helped to develop the natural resources and extend the trade advantages of the locality. One of the men who has taken an important part in many progressive movements is Frank Overturf of the Texas Farmers Union.

Mr. Overturf has devoted a great deal of his time and energy to the growth and progress of Amarillo and the Panhandle, and it is fitting at this time that we attempt to express in a small way our appreciation for his unselfish contributions to the general welfare.

He is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are a credit to this high sense of honor. We congratulate Frank Overturf on a splendid record of service and wish for him continued success.

## A. C. Teter, Jr.

In making this review of progressive Amarillo business men it is fitting that we include some of those men, who have by their progressiveness definitely established themselves in the business and civic activities of the city.

Such a man is A. C. Teter, Jr., of the Fraser Milling Co., who also deserves an additional word of praise for being more than just a successful business man; he is a consistent and enthusiastic booster of the home community and in his way has done much to advertise the city.

Mr. Teter has pursued the progressive policy of stepping up his business ahead of the times, thus setting a pace for which he has earned the reputation for being a go-getter who does not sit back and wait for business to come to him.

We are glad to pay this tribute to A. C. Teter, Jr., and to point out to our readers that his magnetic personality and enterprising methods are largely responsible for the standing of the Fraser Milling Company in this district.

## A. F. Heket

Mr. A. F. Heket of the Panhandle Stages, has a well earned reputation for progressiveness, because he has consistently forged ahead in business never letting up in his efforts to make the service his company renders to the people more valuable. This invariable policy has made the Panhandle Stages outstanding in their field, a fact that is well known to the traveling public.

But Mr. Heket has accomplished

## Jas. A. Bush

The men in a community who work for the best interests of the community, usually are leaders in whatever they attempt. This is especially true of real estate men because they are usually among the first to be called on to help with all worthy projects. Such a man is James A. Bush, a leading real estate operator of Amarillo and the Panhandle. He stands at all times prepared to assist his city and is ever ready to take off his coat if necessary, and work for its best interests.

It is men like him who have had the vision to realize the possibilities of Amarillo and the surrounding territory, and have given of their time and energy to make the vision come true, who have won the admiration and praise of their fellow citizens.

We take pleasure in paying this brief tribute to Jas. A. Bush for being a far-sighted business man who is firmly established in the forefront of the business life of Amarillo and the Panhandle.

## D. W. Thorn

Our issue today proposes to call the attention of our readers to some of those progressive business and civic leaders who have contributed their share of time and energy to the building up of Amarillo and the surrounding territory to the position of prominence which it enjoys at the present. One of these men to which we wish to direct attention to is Mr. W. D. Thorn of the Thorn Candy Mfg. Co., a business man who has never spared himself in his aggressive march forward. He is a man whose competitors respect as much as do all others with whom he comes in contact.

D. W. Thorn is at all times conscious of his civic responsibilities and may be depended upon to meet in every detail the many opportunities which present themselves to be of service to the city. Mr. Thorn's record of achievement is one of which he may well be proud. His value to the city, and this district is an established fact and we hasten to give him the credit which is his just due.

## Fred Teichman

Because this is a period of growth and expansion for Amarillo those business leaders who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions are entitled to more than ordinary acclaim. We are therefore glad to pay tribute to Fred Teichman of Teichman's Refrigeration Service, for he is becoming a well-known figure in the business life of the city. His persistent optimism and steadfast belief in the continued prosperity of the people of Amarillo and vicinity are characteristics which are deserving of our highest praise.

Mr. Teichman has always shown a willingness to do his part in civic advancement, and has contributed repeatedly of his time and energy to the welfare of his city. We believe that this type of business leader is entitled to our sincere praise both because he has achieved success in his private affairs and because he is willing to contribute to the public good.

## Barney Files

Mr. Barney Files who recently took over the management of the Herring Garage & Storage in Amarillo quite readily demonstrated his executive ability by his quickness to grasp conditions and to conduct his affairs accordingly.

Although he has only been the manager of the Herring Garage & Storage for just a few months, he has already made many personal friends in his new position as well as many new friends and customers for the business.

He is a wide-awake, energetic man whose sincere and friendly personality and desire to be of service is rapidly earning a place for him in this district. He has taken an interest in community activities, and in the due course of time will assume his share of civic responsibility.

Barney Files deserves a word of praise for having so quickly established himself in his new position and we are glad to give him this brief mention.

much more than just making a success of his business and we take this opportunity to pay tribute to him for devoting all of the time he could spare to the welfare, not only of his own city, but of this entire district as well.

It is such men as he who are both successful in business and appreciative of their civic obligations, that are deserving of recognition. We take pleasure in publicly giving A. F. Heket the credit for his accomplishments which his friends and associates have so long accorded him.

"Aunt Susie Shoots the Works" This Evening at 8:30

Does the hand and arm which has startled Laura Dawson, Joy Herbert, Aunt Susie, Johnny Rogers and Scarlet Deane have a body, and if so, who is its owner? All these and many more questions will be answered when you see "Aunt Susie Shoots the Works."

Onlookers think that Omar Graves' pants are ripping—Omar thinks they are too, but we readers know better. What connection does Madame Zola's cloth have with the ripping? Is she real or are we seeing things? Standing from left to right, those pictured are Madame Zola, Scarlet Deane and LaSalle Johnson. Seated are Joy Herbert, Mrs. Edward Dunning, and Omar Graves.

A free trip to Carlsbad Cavern is given when LaSalle Johnson decides it is his bed time and that Standing from left to right are his boss, Omar Graves, should tuck him into bed. Really, LaSalle, don't you think one-half of the stage is enough room in which to stretch? Omar Graves, Portia Lark, Aunt Susie, and LaSalle.

Lights flashing on and off, characters disappearing into nowhere, and strange visitors running in and out as weird sounds at midnight come from outside will keep the audience spellbound as the senior class presents Fred Caldwell's mystery farce, "Aunt Susie Shoots the Works" tonight at 8:30 in the high school auditorium.

Aunt Susie, an eccentric and man-hating spinster, lives all alone with her dog. However, at the death of her late lamented school-friend she becomes heiress to a large estate including a home and adjoining sausage works.

Before her aunt arrives to become manager of the heritage, Joy Herbert and her colored maid, Scarlet Deane, come at the bidding of Miss Stowe and immediately learn of the hair-raising events connected with the place.

Laura Dawson appears as an ex-maid of the deceased and comes to the aid of Scarlet in managing the household affairs as Portia Lark, a feminine lawyer, descends on the group to inform them that a cousin of the owner, Omar Graves, will arrive as a future husband to Aunt Susie so that they jointly may share in the profit!

Superintendent of Schools Attends Committee Meeting at Austin

**Representatives Discuss House Bill Number 164**

J. B. Speer, Canyon school superintendent, and C. M. Rogers, superintendent of the Amarillo schools, went to Austin last week to attend a hearing of the Education Committee of the House of Representatives on House Bill No. 164.

The bill, if passed, will allow the Canyon Independent School District to refund its bonds. These bonds are drawing 4 per cent interest, and if the bill is passed the interest rate can be lowered to about 3 per cent. This would represent a saving of about \$17,000 to the district.

"Indications are that the bill will pass," said Mr. Speer. "As the committee voted in its favor."

**FUTURE LEADERS AWAKEN**

In school, as in life, one can be a success or a failure.

A person who does not care may never achieve his mission; but he that strives and works to accomplish will be rewarded in the end.

As the present crisis becomes more realistic to each student in Canyon High, many, without knowing it, are inclined to worry more about war problems than school problems and extra-curricular activities. It is right to be aware of the situation of the world today, but it is unpatriotic to worry about something which cannot be directly guided or prevented.

America's future will be safe if every American is groomed to meet the future. This does not mean our neighbor, but us. Preparing now while in high school is the way to take the future by the mane and pilot it safely through the storm. America's growing citizens must be strong in body and in mind. It is our duty and honor; so do the job which is at hand, your school work, and do it well.

The Eagle's Tale

Vol. 17—No. 21 Published by The Canyon News for Canyon High School Thursday, March 4, 1943

Reporter Introduces Class Secretaries

Who are the capable stooges who "clean up" class prexy's work but never get their names in the headlines when class elections materialize. If you were ever a "long-lost" SECRETARY, you know the answer.

Some general characteristics of this Canyon High clan are (1) they are strictly "gals," (2) they all prefer brunet boy friends (but watch them if a blond "Sterling Hayden" happen along!), (3) their uniformed favorites are Air Corps and Sailor boys.

**Workers Get Recognition**

Ann Crawford, sub-freshman note-keeper, is a brown-eyed country girl with a touch of the color of the harvest wheat in her pretty red hair. She decided that boys were her pet peeve, but don't let that discourage you, Romeos!

Brown eyes and blond hair background Billy Jane Bonfield, the junior recorder. "A country gal come to town," Billy Jane likes Spanish best of all her subjects, in spite of her blond hair.

**Girls Like Bruns**

A little industrious miss whose pet peeve is pop-corn machines is blue-eyed, blond-haired Shirley Ann Newberry, sophomore secretary. She is an algebra "fiend" who prefers Sailors.

Another patron of the air corps and algebra is Freshman Shirley Harrison, a green-eyed, brown-haired lass. She dislikes house-cleaning intently—a most normal human.

Martha Jean Dowd, who keeps senior notations, is an about-the-school brunet, whose pet peeve is being awakened from her frequent 15-minute "cat-naps."

Joan Morton, seventh grade scribe, is strikingly black-haired and black-eyed. Sailors boost the ego of this remarkable little girl. And she is fond of all of her classes.

Moore Will Lead CHS Assembly

Dr. Bernice Moore, sociological adviser of community and family life from the University of Texas, will return to Canyon High School and appear in assembly Thursday, March 18, at 10:00 a. m.

Last year she conducted a panel discussion here on "Schools and This Emergency."

School Welcomes Teacher's Visit

Miss Grace Clark, mathematics teacher who has been ill since December, visited in Canyon High School Monday afternoon.

Miss Clark, who was here on business before leaving to take a health examination in Dallas, was greeted by many of her students.

Pledges Receive Gold Club Pins

**Former Editor Receives Honorable Mention Title**

According to Edward Nell, executive secretary, four new Quill and Scroll members from Canyon High, Mollie Nann Ziegler, Ellen Sanders, Manus Read Foster, and Carolyn Black, fulfill the requirements for admission to this society and their names have been added to the chapter roll.

"These students are, we feel, eminently deserving of the society's honors. Their training in publications work has been broad and varied; your recommendation implied that all assignments have been carried out with fidelity and dispatch, and the production records of 90 inches or more tell us that they have not been hesitant about rolling up their sleeves and getting down to cases. They are A-1 in every respect!" Thus quotes the executive in a letter of recommendation.

Membership cards and pins were received Monday by the four students named above.

For his headline entry in the Quill and Scroll sponsored contest, Johnny Harter, former editor of The Eagle's Tale received honorable mention.

Official Proclaims Children's Week

Since the youth of Texas are among the contributors of the war by work and sacrifice on the home-front, Governor Coke Stevenson proclaimed this week February 28 to March 6, as Texas Children's Week.

This proclamation is a call to action to the home, to the school, to the community, and to the state, to re-examine services for young people, to increase understanding of every child's needs for growth, to aid these people in planning the kind of world we are fighting for, and to strengthen in every way that dedication to freedom all American citizens confess.

Party Entertains Spanish Classes

First and second year Spanish classes had a skating party in the Canyon High School Gymnasium last Wednesday afternoon.

These Spanish students brought paper sack lunches which they ate after two hours of skating.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Some Scholars Have Such Funny Names

"What's in a name?" To glance at the high school register with that question in mind is a revelation. And to consider what would happen to these names if they were changed slightly is an interesting pastime.

Colors hold a prominent place on the list of names. For instance, there are Bobby Black, Betty Brown, and Lowell Gray. Then there is Theresa Blewett. Perhaps now and then she might be called Theresa Brown.

Billie Ray Crow has a significant name. So have Charles Wright, Shirley Newberry, Johnny Ford, Billie Bible, Sue Ann Mofeman, and Lee Armstrong. Wonder if they would like "Billie Ray Robin," "Charles Wrong," "Shirley Oldberry," "Johnnie Buick," and "Billie Book." But as for "Sue Ann Mofeman" and "Lee Headstrong," no, they simply would not fit.

Some fortunate students have such patriotic last names as "Billie Bonds" and "Dean Harbour." But picture Kathleen Hillier as "Hitler."

FHT Group Holds Regular Meeting

After eating their lunches and having a general business discussion, members of the Future Homemakers of Texas Club listened today at noon to a program titled "Can You Have Fun for Nothing?" under the direction of Ellen Root.

Committee reports composed the main part of the business discussion.

Dramatists Give Assembly Skits

To provide the senior cast of "Aunt Susie Shoots the Works," with an opportunity to give skits was the purpose of a called assembly on Wednesday, March 3.

"Doctors are pretty well agreed that drunkenness is a disease, and that the man who is a drunk should be treated by a physician."

"Yeah? Most of the drunks I know don't care who treats 'em."

Homemakers Supply Information Concerning Vital Preservation

Rapidly becoming the main topic of conversation, intramurals are set to begin March 22. Although the actual games are still far in the future, practice will begin on Monday of next week. May the best team win!

Talk about bloody battles and busmen's holidays, a combination of both is found in the high school gym every school day afternoon when former basketball boys and phiz-eaders get together and raise hades with a basketball. No broken bones . . . yet.

Run! Run! Run! Warm weather, budding trees and flowers, twittering birds, and track season. The spring is calling forth all the amateur Mercurys to try their speed. Note: some CHS boys are considered quite speedy.

Hitch-hiking is not the least difficult sport in the world, especially since gasoline rationing. If you think so, just try it . . . or ask Lindsey Taylor, Bobbie Dowd, Dean Harbour, or John Gill.

Blood, sweat, and tears! It is reliably reported that the girls' volleyball team mixes a little of each; at least Miss Amariyllis Robinson is doing her best to prepare her girls for their first game. A characteristic statement: "We're working like heck!"

Nutrition Exhibit Furthers "Share or Starve" Theme

"Share or Starve" was the theme of a nutrition exhibit which the Future Homemakers, sponsored by Miss Rhita Jean Sullivan, presented in the grade school gymnasium Thursday, Friday, and Saturday in connection with the food rationing registration. The exhibit was prepared by Miss Zellica Holgate and Miss Alta Mae Duren, student teachers from West Texas State College.

Homemakers supplied information on why citizens must share, what they must share, and how they may share it—by cooking correctly, producing food, and storing it in the right way.

Posters on daily food requirements were displayed on the walls of the gymnasium, and free literature concerning food preservation and meat serving was distributed.

Girls from the various homemaking classes managed the displays of bulletins that might be ordered, and took subscriptions to consumer magazines.

About three hundred fifty copies of the Texas Food Standard recipes, and points on rationing were distributed according to Miss Sullivan. This did not include the many booklets and the magazine subscriptions which were ordered.

Olin E. Hinkle of West Texas State College photographed the exhibit.

## V-NEWS

Every housewife is conscious of the fact that the rationing of certain foods and the unavailability of many foods are forcing changes in the eating habits of her family.

In order to achieve good nutrition under present conditions, the best possible use must be made of protective foods which are plentiful. Grains, particularly wheat, are plentiful. In modern milling processes which remove much of the germ and bran, protective food elements are lost. For this reason the National Nutrition Program specifically recommends the use of whole grain products or grain products which have been "restored" or "enriched." Include more whole wheat and oatmeal in your diet. There are many ways to use these cereal grains in the diet. Here are some recipes that may help you.

### Cereal Fruit Pudding

4 cups (1 quart) milk  
1/2 teaspoon salt  
1 cup Ralston Whole Wheat Cereal. (Or other whole wheat cereal).  
1 cup raisins or cooked dried prunes  
2 tablespoons honey or molasses  
Scald milk, add salt, stir in cereal slowly and boil mixture gently until mixture thickens. (About 5 minutes). Stir frequently. Add honey and raisins. Put in custard cups which have been rinsed with

cold water and chill before turning out and serving. Serves 6 or 8.

### Meat Loaf

1 1/2 pounds ground beef  
1-3 cup whole grain cereal (may be oatmeal, cracked wheat or prepared cereal)  
1 slightly beaten egg  
1-3 cup chopped onion  
1/4 teaspoon salt  
1-8 teaspoon pepper  
1/2 cup milk or 1-4 cup evaporated milk diluted with 1-4 cup water.  
Mix all ingredients together thoroughly, except shortening. Shape into loaf. Put in greased baking pan. Dot with bits of shortening. Bake in moderately slow oven (350 degrees F.) for 1 hour, basting occasionally with drippings in the pan.

## The Legislative Grapevine

By GRADY HAZLEWOOD  
Senator 31st District

Your Texas Legislature, now in its seventh week, is ready to square off and fight it out on pending bills. You might wonder how legislation could be controversial during war times but this is usually true in the Texas Legislature. And it is not surprising when you consider how very large Texas is, which naturally gives us a great contrariety of interests.

Some members of the legislature from the large cities were elected on dripping wet platforms and advocate the open saloon and sale of liquor by the drink. There are those from industrial areas who are outright against old age pensions, while others from the heavily populated Negro and Mexican areas strongly in pensions but oppose the payment of an average of more than \$12 to \$15 per month because if paid more, the recipients would feed all their children also. In the Panhandle and West Texas the standards and costs of living are much higher and thus the demand for higher payments. And then there are those who are spendthrifts with the State's money because their particular districts are paying very little tax money for the support of the state government. You will remember that natural resources are bearing the greater portion of the tax burden for Texas' general revenue fund together with the cigarette and liquor taxes.

Strangely enough, bills curbing the liquor traffic may find easy going this session. What a paradox to have the wets and dries joining hands in complete accord in these matters. Reason—the wets fear almost state-wide prohibition thru the local option route and are willing to make many concessions. They remember the last war.

The redistricting bill would give the Panhandle and West Texas four or five new representatives and one new senator, but the senate redistricting bill, of which the writer is co-author, is in a subcommittee with the "palbearers." The public does not know it, but this bill is already dead. Just another case of East Texas vs. West Texas, and everyone knows where the votes are. The therefore thickly populated sections of Texas have the votes in the Senate and only with these same votes can they ever be deprived of this disproportionate representation.

The writer is author of Senate Bill 81 which he passed through the Senate the past week exempting all members of the U. S. armed forces of World War II, with honorable discharges, and the children of all members who were killed or died in service, from the future payment of all tuition, fees and charges in all of the state supported colleges and universities in Texas. The bill also included all members of the WAVES and WAACS.

"It isn't often that I can spend my money twice...but War Bonds let me do exactly that! They're wonderful, anyway. Every time I buy one, I feel inside the way I do when a band plays the Star Spangled Banner! I sort of feel I'm doing something for my country and the boys in the service."

"Then when I get down to earth again, I realize that I'm doing something for MYSELF as well. I'm really saving money when I spend it for War Bonds. I get to dreaming about what I'll do when this war is over, and about the things I want to buy. Things like the rest of the equipment for that electric kitchen I have my heart set on, but can't get for the duration."
